

# INTRODUCING POLISHING HEAD

**GRANITE - MM-6G**  
**QUARTZ - MM-6Q**  
**MARBLE - MM-6M**

## QUARTZ HEAD - MM-6Q

## MARBLE HEAD - MM-6M

## FICKERT HEAD

### Double Function Polishing Head

Characterized by high polishing efficiency, excellent quality and easy maintaining, this model is among the best design in the market.

#### Characteristics:

Perfect cam designed by CAD System helps to ensure stable swing of the abrasive holder, reasonable swing frequency, high polishing quality and efficiency.

Excellent design with only 4 sets of bearings inside and without any easy wearing parts.

Stable running with very little noise.

Compound sealing makes it more easy to maintain the product and extend the service life.

All the parts are designed by 3-dimension CAD system. Key parts are made by processing center with high precision to assure best quality.

Famous brand bearing and oil sealer are used.

Only one fitting can perform double function for polishing both marble and granite.
